CENTRE DE PECQUECOURT NORD

Échelle: 1/1000

Date: 07/05/2003

SESEA-SIAN - Service Cartographie

This technical map illustrates the sewerage network for the Centre de Pecquecourt Nord. The map features a dense grid of streets and numerous buildings, many of which are shaded with diagonal lines to indicate specific construction or ownership details. A prominent sewerage line runs horizontally across the lower portion of the map, with several vertical branches connecting to individual properties. Key features include:

- Streets:** Labeled streets include 'Rue de la Chapelle', 'Rue de la Croix', 'Rue de la Vierge', 'Rue de la Fontaine', 'Rue de la Chapelle', 'Rue de la Croix', 'Rue de la Vierge', 'Rue de la Fontaine', 'Rue de la Chapelle', 'Rue de la Croix', 'Rue de la Vierge', 'Rue de la Fontaine'.
- Buildings:** Numerous buildings are shown, some with specific shading patterns.
- Infrastructure:** The map shows a complex network of sewerage lines, including main lines and individual branches to buildings. A 'Station de Refoulement' (pumping station) is located near the bottom left.
- Legend:** A legend in the top left corner defines the symbols used for various infrastructure elements, such as 'Station d'Épuration', 'Conduite non définie', 'Conduite branchement', 'Branchement d'égout', 'Branchement d'eau usée', 'Branchement d'eau pluviale', 'Station de Refoulement', and 'Conduite urbaine'.
- Scale and Date:** The map is scaled at 1/1000 and dated 07/05/2003.
